IMPORTANT NOTICE
PARKING LOT REPAIR

**THE WEEK OF JUNE 3RD WE WILL BE REPAIRING THE
PARKING LOT THROUGHOUT THE PROPERTY. DRIVE
WITH CAUTION**

IMPORTANT NOTICE
PARKING LOT SEALING/RESTRIPIING

Beginning mid-June or July 2019 the parking lot will be resealed and restriped. **It is vital that all vehicles are moved. If you are leaving town and have a vehicle that will be parked on property please make sure you have arrangements in place to have your vehicle moved at the appropriate time to AVOID BEING TOWED.** The exact dates and sections will follow as soon as we know. This notice is for anyone that may be leaving in order for you to have time to make plans for your vehicle. Any towing will be at the owner's expense. Work will commence on each scheduled day at 7:30 AM. It will take approximately 2 days for the process to be complete with the first day being seal coated and the following morning renumbered and restriped. We are sorry for any inconvenience, however, it only happens once every 5 years and it is an essential part of our property maintenance. The dates are weather permitting. If it rains, the date will be moved ahead by one day. It **MUST** be done and there will be a tow truck here each morning to remove any vehicles remaining in the area to be worked on. If you own a garage, be sure to remove your vehicle the night before if you will be using your vehicle. Also you may not park in front of your garage on the days to be seal coated. No exceptions will be made for moving trucks – please schedule move ins and move outs accordingly.
