Erin Go Bragh - Saint Patrick's Day

Saint Patrick's Day - March 17th. Are you Irish, me lads and me lassies?! Well, the saying goes everyone is a little Irish on Saint Patrick's Day. Let's bring out the Irish in all of us and celebrate. Any excuse to have fun with our neighbors, right? If the sun is shining, we'll gather at the pool. If not we'll gather in the clubhouse 2 PM to?

****Reminder: We all like to do our part to protect the environment. Note the items that are not recyclable at the Preserve. Please do not put Plastic Bags, Pizza Boxes, Styrofoam, or Household Trash in the recycle cans. Also, there is no room for any cardboard in the recycle cans. Please flatten the boxes and place them in the dumpster. ****

Mardi Gras - Fat Tuesday - March 5. It's time to party it up and eat!

Johnny Appleseed Day - March 11th. Johnny Appleseed Day honors one of America's great legends. Johnny Appleseed was a real person. John Chapman was among the American settlers who were captivated by the movement west across the continent. As Johnny Appleseed travelled west, he planted apple trees along the way, and sold trees to settlers. With every apple tree that was planted, the legend grew.

Dumbstruck Day - March 15th. Dumbstruck Day is a day to be totally dumbstruck over the things you see, hear and read. You may easily be dumbstruck to read that someone created this special day. Some people are dumbstruck on a regular basis, day in and day out. The events in their lives and the world around them are overwhelming.

Near Miss Day - On March 23, 1989, an asteroid the size of a mountain, came within 500,000 miles of a collision with Earth. In interstellar terms, it was a near miss. Had it collided with the Earth, it would have left a devastating crater the size of Washington, D.C. It's effect on the planet would have been catastrophic. Since then, there have been other near misses.

Take a Walk in the Park (or on the Beach) Day - March 30. It is an opportunity for exercise and relaxation. Are you stressed out? A walk is just what the doctor ordered. Its calming and therapeutic. Taken after a busy work day, it helps clear your mind and re-energize you. Or, take the walk during lunch and you will find the afternoon of work goes by quicker and easier.
