January, 2021

Goodbye 2020 – What a year 2020 turned out to be. I'm ready to say goodbye to 2020. How about you? January is a time of new beginnings. January offers opportunities to reset our life clocks. Take that leap from 2020 to 2021 with optimism. Wishing you a Happy and Prosperous New Year!

Recycle Bin – We continue to be good environmental stewards with our recycling efforts. We replaced the recycle cans with a dumpster because of the overflow. Now our recycle dumpster is often overflowing. Please throw the trash in the compactor if the recycle dumpster is full. The first thing you see as you enter our community should be inviting not with trash piled around the dumpster.

COVID 19 – We have had a few exposures to COVID 19 recently. The office is once again asking that masks be worn when you enter the clubhouse. Please be considerate for a little while longer. The good news is we have a vaccine and treatment that will be available to all soon. As of 12/23 about 70,000 people had been vaccinated in Florida in that week. Gov. DeSantis: Residents 65+ next to get COVID-19 vaccine (fox35orlando.com)
