

**THE PRESERVE ON ANATASIA ISLAND
NEWSLETTER
July 2021**

COMMUNITY PARTY: July 4th at 5:00 in the clubhouse. It has been a long-time since we have been able to get together. Things are finally getting back to normal. Let us celebrate our country's freedom and freedom from the restrictions of the COVID virus. We have many new residents here at the Preserve. This is a great opportunity to welcome and get to know them. Our onsite friends at Coldwell Banker will supply the sandwiches. We ask that you bring a side dish or desert and your choice of beverage. Hope to see you there!

QUOTE OF THE MONTH: "If you have the choice between being right and being kind, choose being kind" (Dr. Wayne W. Dyer)

RAIN: Is this the Sunshine State? Where is the sunshine? The total rainfall this month as of June 27 is 14.6 inches. The average monthly rainfall for this area is 7.7 inches. The daily average this June is 0.6 inches, The daily average from 2010 to present is 0.3 inches. The wettest day this month was June 13 with 3.8 inches. That is not a record breaker. August 5, 2019, we had 10.2 inches of rain. [St. Augustine Rainfall Forecast, FL 32084 - WillyWeather](#)

FLOODING: You may have experienced some flooding on your lanai with all this rain. It rains so hard sometimes that our gutters are unable to handle the volume. According to the website above the rainy months are June and August. Hang in there. June is over but August is just around the corner. Keep that mop handy for a while longer. Pray that the hurricanes are kept at bay. It is always something, isn't it? The weather is the price we pay for a tropical paradise.

AC MAINTENANCE: Summer is here and with it comes the heat and humidity. Our AC's are working overtime this time of year. Please check your AC filters to ensure proper air flow and remember to pour a little vinegar into the AC drain to keep it clear. This will prevent problems in the future.

PARKING: Please be respectful of the assigned parking spaces. Every unit has one assigned space. If you have more than one car or a guest, you must choose an unnumbered visitor space for the additional car. Violators may be towed away. The closer spot is not worth the towing fee and hassle to get your car back.

TRAGEDY: The 12-story condominium building collapse in Surfside, Fla is a tragedy. Pray that they find survivors in the rubble, for the families of the deceased, and for our first responders working so hard to save or retrieve those under the huge mound of rubble.

FEEDING WILD ANIMALS: Human food is not healthy for wild animals, and they do not need food from humans to survive. Wild animals have specialized diets, and they can become malnourished or die if fed the wrong foods. Also, animals cannot distinguish food from wrappers or foil and can get sick eating these items. [USDA APHIS | Don't Feed the Wildlife](#)
